

Plowing Agreement for 2009 – 2010 Season

_____ Yes, I would like to contract Moshers Excavating to plow, sand and service my driveway / parking lot for this upcoming winter season. My property is located at: _____.

I agree that the price for this service will be: \$_____ per plow / Contract. If I have a contract rate this amount is payable prior to the first plowing of the season.

I understand that if I do not have a contract rate this price is per plowing or sanding and is not a combined price for both. Each time my driveway is plowed or sanded, even if done at the same time, I will be charged the above price for each service.

Regardless of plan I understand and agree that this price does not include any loader service that may be required to keep the banks of my driveway pushed back. Loader service is billed on an as needed basis and is billed at a min. of ¼ hr. increments.

Moshers Excavating will attempt to take every precaution however, they cannot be held responsible for any damage that may occur when plowing during the spring months. Moshers Excavating cannot be held liable for any damage that may occur to items / areas (such as well covers, utility lines, gardens) that are not clearly marked by you the homeowner prior to the plowing season.

Moshers Excavating expects payment within 30 days of receipt of your bill. All new accounts are required to provide a valid, non-debit, Master or Visa card as guarantee of payment. Moshers Excavating also reserves the right to assess the standard 18% annual finance charge on all past due balances over 30 days.

Please verify that we have the correct name and billing address, phone numbers and email;

If you would like your bills emailed please provide us with address: _____.

If you would like to set up automatic credit card payments please call our office.

My signature below constitutes my agreeing to the above terms and conditions as explained.
